C. R. Clark announces himself as a candidate to represent the Seventh ward in the City Council. Election Nov. 7th, 1899.

Registration Tuesday, October 3, 7 a. m. till 9 p. m.

Only sixty days more and Kentucky will have a Democratic Governor.

The attendance on the last day of the Democratic Carnival at Dallas, was 50,000. Broke all records for big crowds in Texas.

Judge Goodnight is improving at Russellville and has a good chance to recover from the severe illness that prostrated him a few days ago.

Dr. E. Y. Mullen, the new President of the Baptist Theological Seminary has entered upon his duties. Dr. W. H. Whittitt has gone to Europe.

The registration is heavy in all the cities and in most of them there are gratifying Democratic gains. Everything points to a groundswell in November.

A good many colored Republicans are to be seen on the streets wearing two or more Taylor buttons. Take off all but one, boys. You can only vote once this year.

The grand jury has indicted the Louisville Dispatch for criminal libel. The libel grew out of false statements about Mayor Weaver in certain pool room cases.

We have been favored by Owens and Hallam, but we still need Bill Sweeney to completely solidify the party in Hopkinsville. Come on Bill and bring your lungs with you.

Heavy Democratic gains are shown by the registration in Frankfort, Winchester, Lexington and Paris. In Newport, a Republican city, the Republicans claim a lead of only 400 votes.

Goebel's enemies in Covington have "combined" with the Republicans to elect an entire city ticket. If the anti-Goebel Democrats of Covington are anything like the

An analysis of the registration figures contains much that is ominous to the Republicans. At Hopkinsville No. 1 only 9 Democrats failed to state their party affiliation, while more than 20 Republicans refused to say how they would vote. At No. 2 it was even worse for the Republicans. This is the heaviest colored precinct in the county. One white Republican and two of the most prominent colored men in the city registered as Democrats for the first time and 18 other colored men refused to give their party affiliation. Only 8 Democrats in this precinct neglected to class themselves as straight-out Democrats and most of those went into the recent primaries. The figures indicate that most of the scratching this year will be done by Republicans, colored as well as white.

The Brownie ticket has been placed on the official ballot by petition. The document contained 3,150 names, many of them Republicans. The device will be like a barrel in one respect. It will have two heads. The heads of Brown and Johnston form the principal feature of the device. Underneath is a pair of scales surrounded with a scroll with the words "Honest Election Democratic Ticket." The Brownies concluded to make no claim to the device of the Democratic party or to the picture of the Democratic leader, Col. Bryan.

Theodore Hallam exhibited his face in the Opera House Wednesday to 173 men and four ladies. The ladies were all members of Republican families. The Republicans were out in force. There were at least 5000 people on the streets attending the fair, but they preferred to see the lady go up in the balloon. Hallam's speech was maliciously abusive of the man who beat him nearly 5000 votes in a race for a senatorial nomination, in the county where the people knew them both. It helped Goebel.

Jno. W. Yerkes, of Danville, is billed to speak in Hopkinsville Oct. 10. He is one of the really able and scholarly men of the Republican party who occupy a much higher plane than the nominee for Governor. He is a partisan, but a gentleman of brains and education.

Bill Taylor was right, "Kentuckians are aroused" this year. If the woods are as full of Democrats as the stores and workshops of the cities are, the thing is going to be well nigh unanimous.

The Arkansas Deaf and Dumb Institute was burned a few days ago. There were 38 inmates in the building, but all were rescued with much difficulty. There were some very narrow escapes.

Dr. Kelly, who had been attending smallpox patients in Russell county, was taken with the disease last Saturday and died soon afterwards. The epidemic is not yet under control.

"The Bottom" got all the honors, winning five out of six of the prizes.

COLORED DEATHS.

Two Victims Of Typhoid Fever—One Near Newstead.

Harvey Redd died at his home near Newstead Tuesday, aged 40 years.

Collins Berry died in the city Wednesday night aged 41 years. In each case death was due to fever.

Armistead Shipp, Jr., a colored man, aged 38 years, died of malarial fever near Antioch yesterday.

DEMOCRATIC GAINS.

Net Advantage of Nearly 50 Votes—Colored Democrats.

The Democrats got the better of the registration Tuesday, although the Republican clerks umpired the registration in three out of four districts. The total number registered was 1514 against 1538 in 1896, the heaviest ever known. As there are three days of supplemental registration at the clerk's office Oct. 30, Oct. 31 and Nov. 1, the total will in all probability exceed 1600.

The following figures comparing the registration with that of 1896 shows a decided Democratic gain:

	1899.	1896.
Hopkinsville No. 1	264	183
" " 2	73	208
" " 3	380	81
" " 4	208	57
	925	529

The white vote this year is 389 in excess of the colored. In 1896 it was 282 larger. This shows a net gain of 54. There was an actual falling off of 39 in the colored vote and an increase of 15 in the white vote. The Democratic gain will be very gratifying. For the first time on record a number of colored men registered as Democrats and they were among the most respectable representatives of their race in the city. A large number of others refused to register as Republicans, but stated when asked that they would avail themselves of the privilege of the secret ballot. Many gold men who have claimed to be independent, this year registered as Democrats. There was but little work necessary to get out the vote.

The Democrats are all aroused and are already eager for the voting to begin. Hopkinsville frequently goes Democratic and the indications are that it is fast becoming a reliable Democratic city on a popular vote as well as by wards.

There was nothing to mar the good order of the day about the polls. In spite of some very foolish threats in some quarters there was no trouble of any sort and no charges of unfairness in any precinct. Some votes held to be valid by the Republican clerks were challenged by the Democratic sheriffs and so marked, but these were not numerous. In precinct No. 4, where the Republicans have kicked over a Populist sheriff there was no complaint whatever from the Republicans.

IN THE ELEVENTH.

Goebel Invades The Enemy's Country And Finds a Warm Welcome.

London, Ky., Oct. 4.—Senator Goebel arrived here on an early morning train and was escorted to the Catching Hotel by a large crowd of Democrats. Goebel men were pouring into his rooms all morning to grasp the hand of their candidate for Governor. More than a thousand country people are here. The speaking was arranged to take place in the Court House, but as this building will not accommodate more than 700, the meeting was adjourned to outdoors to accommodate the crowd.

The town is simply alive with Goebel Democrats, who are here from this and adjoining counties. Mr. Goebel expressed himself as highly pleased with the hearty reception in the mountains and expresses himself as confident he will win.

Leading Republicans called on Mr. Goebel this morning, several of whom had served with him in the Senate, and expressed their friendship for him. The Democrats of this county will vote solidly for Goebel. It is expected he will poll more than the usual strength of the party. No Brown men are to be found in the county. It is believed Brown will not get six votes. The few who had expressed themselves for Brown say they will not support him.

Damage Verdict Against World's Fair in Favor of France.

In a decision handed down by the United States Circuit Court of Appeals the verdict of \$57,000 formerly given against the World's Columbian Exposition Company in favor of the republic of France is reversed and a new trial ordered. The case resulted from the burning of the Manufacturers' Building at the World's Fair, in which the French republic lost many valuable exhibits. It was claimed the loss was the result of negligence on the part of the Exposition Company, but the Court in its rulings declared it could find no evidence of negligence.

Why Experiment On Yourself.

With remedies of doubtful utility when you can get Chamberlain's Cough Remedy, which has stood the test of time? Twenty-five years' sale and use have proven that remedy to be a prompt and certain cure for colds. It will cure a cold in a day if taken as soon as the cold has been contracted and before it has settled in the system. Sold by R. C. Hardwick, Druggist.
